

# LEECHPOOL CATERPILLAR NURSERY & AFTER-SCHOOL CLUB

## VALUING DIVERSITY & PROMOTING EQUALITY

We will ensure that our service is fully inclusive in meeting the needs of all children. We recognise that children and their families come from diverse backgrounds. All families have needs and values that arise from their social and economic, ethnic, and cultural or religious backgrounds. Children grow up in diverse family structures that include two parent and one parent families; some children have two parents of the same sex. Some children have close links with extended families of grandparents, aunts, uncles, and cousins; while others may be more removed from close kin or may live with other relatives or foster carers. Some children have needs that arise from disability or impairment or may have parents that are affected by disability or impairment.

Some children come from families who experience social exclusion or severe hardship; some have to face discrimination and prejudice because of their ethnicity, the languages they speak, their religious or belief background, their gender or their impairment.

We understand that these factors affect the well-being of children and can impact on their learning and attainment. Our setting is committed to anti-discriminatory practice to promote equality of opportunity and valuing diversity for all children and families and actively promoting British Values.

### WE AIM TO:

- Provide a secure and accessible environment in which all of our children can flourish and in which all contributions are considered and valued.
- Include and value the contribution of all families to our understanding of equality and diversity;
- Provide positive non-stereotyping information about gender roles, diverse family structures, diverse ethnic and cultural groups and disabled people;
- Improve our knowledge and understanding of issues of anti-discriminatory practice, promoting equality and valuing diversity;
- Challenge and eliminate discriminatory actions;
- Make inclusion a thread which runs through all of the activities of the nursery; and
- Foster good relations between all communities.

## Curriculum

The curriculum offered in the nursery encourages children to develop positive attitudes about themselves as well as to people who are different from themselves. It encourages children to empathise with others and to begin to develop the skills of critical thinking.

Our environment is as accessible as possible for all visitors and service users. If access to the setting is found to treat disabled children or adults less favourably, then we make reasonable adjustments to accommodate the needs of disabled children and adults. We do this by:

- Making children feel valued and good about themselves and others;
- Ensuring that children have equality of access to learning;
- Undertaking an access audit to establish if the setting is accessible to all children;
- Making adjustments to the environment and resources to accommodate a wide range of learning, physical and sensory impairments;
- Making appropriate provision within the curriculum to ensure each child receives the widest possible opportunity to develop their skills and abilities, e.g. recognising the different learning styles of girls and boys;
- Positively reflecting the widest possible range of communities in the choice of resources;
- Avoiding stereotypes or derogatory images in the selection of books or other visual materials;
- Celebrating a wide range of festivals;
- Creating an environment of mutual respect and tolerance;

- Differentiating the curriculum to meet children's special educational needs;
- Helping children to understand that discriminatory behaviour and remarks are hurtful and unacceptable;
- Ensuring that the curriculum offered is inclusive of children with special educational needs and children with disabilities;
- Ensuring that children learning English as an additional language have full access to the curriculum and are supported in their learning.

## VALUING DIVERSITY IN FAMILIES

- We welcome the diversity of family lifestyles and work with all families.
- We encourage children to contribute stories of their everyday life into the nursery.
- We celebrate Christian festivals and encourage families to celebrate other religious festivals with us and respect those who do not want to join in.
- We encourage parents / carers to take part in the life of the nursery and to contribute fully.
- For families who speak languages in addition to English, we will develop means to ensure their full inclusion.
- When assessing communication, language and literacy skills, practitioners assess children's skills in English. If a child does not have a strong grasp of English language, practitioners will explore the child's skills in the home language with parents and/or carers, to establish whether there is cause for concern about language delay.
- We offer a flexible payment system for families of differing means and offer information regarding sources of financial support.
- We take positive action to encourage disadvantaged and under-represented groups to use the setting.

## FOOD

- We work in partnership with parents to ensure that dietary requirements of children that arise from their medical, religious, or cultural needs are met.
- We help children to learn about a range of food, and of cultural approaches to mealtimes and eating and to respect the differences among them.

## MEETINGS

- Meetings are arranged to ensure that all families who wish to may be involved in the running of the nursery.
- We positively encourage fathers to be involved in the setting, especially those fathers who do not live with the child.
- Information about meetings are communicated in written and verbal ways and via email to ensure that all parents have information about, and access to the meetings.
