Welcome letter

Dear Parents,

Welcome to Year 4! We are excited to be welcoming your children into the new school year. Ahead of us are some fantastic learning themes, and there will be a wide range of learning opportunities across variety of different subject areas.

Throughout the year, we aim to keep you fully updated with all the information you require: whether about the day-to-day events in the year group, your own child, or whole school events.

We hope this booklet will provide you with all of the information you require about the organisation, curriculum, and other expectations of being in Year 4. Each half term, you will receive a more detailed breakdown of what we will be learning in the curriculum - however, this booklet provides an overview of the whole year.

Thank you for taking the time to read this, and we look forward to the year ahead.

The Year 4 Team

As a school we aim to:

- We aim to promote an exciting, creative and supportive learning environment, which energises each child to value themselves and maximize their potential
- We aim to give our learners the highest standard of education, through excellence and innovation in teaching, linked with a relevant and engaging curriculum which recognizes children's needs and individual learning styles
- We aim to equip each child with life skills so that they may become confident, responsible, caring adults of tomorrow, within an ever-changing, multi-cultural society

Meet the Year 4 Team

| Name | Role |
|------------------|---------------------------------------|
| Mrs Vowels | Eagle class and Year 3/4 Phase Leader |
| Mr Barden | Eagle class |
| Mrs Mcilwraith | Bear class (Mon, Tue) |
| Miss Currington | Bear class (Wed, Thurs, Fri) |
| Mrs Weeks | Learning Support Assistant |
| Mrs Richards | Learning Support Assistant |
| Mr Law | PE Enrichment |
| Mrs Bazeley | Art Enrichment |
| Miss Cullern | MFL Enrichment |
| Miss Morgan | RE Enrichment |
| Mr Gilmore | Music |
| Senora Gutierrez | Spanish |

The School Day

Our school day runs:-

Juniors - from 8.45 a.m. until 3 p.m., with a lunch break from 12.30 - 1.15 p.m.

It is important that all children arrive on time every day.

The school gates will be open from 8.30 a.m. and the inner gates will be open from 8.35 a.m. Pupils in all year groups can go straight to their classrooms and take part in early morning activities until registration at 8.45 a.m. for Juniors and 8:55 a.m. for Infants. Any child entering the school after their registration time must enter school through the main entrance and sign in at the office to ensure that records are kept up to date in case of a fire (even if your child has been at the doctor or dentist for example).

Absence

Please contact the school before 9.00 a.m. to advise of any absence, a message can be left on the absence line.

Holidays or days off must be authorised beforehand by the Headteacher following completion and submission of an Absence Request form which can be downloaded from the website.

Homework Expectations

Children are expected to spend approximately 30minutes on their homework in addition to reading, spelling practice and times table practice. They are expected to hand in their homework on time.

| Monday | Tuesday | Wednesday | Thursday | Friday |
|---------------------------------------|---------|---------------------|----------|--|
| Spellings are set (set every 3 weeks) | | | | Homework is set (on Google Classrooms). Alternating maths and literacy with topic work some weeks. |
| | | Homework is due in. | | Weekly spelling test |

Reading – please ensure your child reads at least 4 times a week at home and that you sign their reading record.

Times Tables – Please practice times tables ready for a regular times table test as there will be a statutory test in the Summer term. Helpful websites can be found at the end of this document and on your child's Google Classroom page.

Spellings They will receive a 3-week blocks of spellings to learn. These will be given out every third Monday via Google Classroom and the children will be tested on a Friday each week. These spellings are from the Spelling Shed Scheme and can be accessed through Spelling Shed.

1. Learning at Leechpool

a) Valuing All Learners Equally

Aspirations

As a learning community, we will strive to

- Learn from one another, and with one another
- Have high expectations of each other
- Help each other to develop self-confidence and a positive self image
- Be constructive, critical and analytical thinkers
- Continue to value and develop our “learning to learn” culture
- Celebrate progress, effort and achievement
- Help our children to develop lively, enquiring minds and encourage them to express themselves clearly in a variety of ways
- Foster strong links with our parents and the wider community
- Work hard to maintain the traditions of our school.

b) Life Skills

In Year 4 we focus on developing the following life skills:

Staying Safe

Internet Safety
Railway Safety – Level
Crossings
Stranger Danger

Emotional Health and Well Being

It's my life, it's my choice

Drug Education

What is a drug?

Sex and Relationships

Growing up
How my body will change?

Economic Well Being and Financial Capability

Planning a Budget

Citizenship

Looking after our World
The world around me
Fair or Unfair?

2. 6Rs

Our one School Rule is **RESPECT** – represented by the lion who remind pupils to be respectful to other people and to take an interest in them.

We encourage the following skills in all pupils at all times:

| | |
|-------------------------|---|
| Owl - Reflective | I remind you to be reflective in your learning and think about how well you are doing. |
| Meerkat - Relationships | I remind you to have good relationships when you work with other people. |
| Cat – Risk Taking | I remind you to be a risk taker in your learning and to learn from making mistakes. |
| Bee - Resourceful | I remind you to be resourceful in your learning and try different ways to solve thing yourself. |
| Dog - Responsible | I remind you to be loyal and responsible and care for those around them. |
| Tortoise - Resilient | I remind you to be resilient in your learning and never give up. |

a) “Catch them being good”

Our overriding school rule is **RESPECT** and this incorporates the Golden Rules which are as follows:

- We are gentle
- We are kind and helpful
- We listen
- We are honest
- We work hard
- We look after property

Our behaviour system will now follow aspects of the Therapeutic Thinking model in classrooms, which is about supporting children to regulate their emotions themselves and reflect on their behaviours and emotions. We will not be using the traffic lights to manage behaviours in class, they will be more for helping the children to self-regulate their emotions and will be a good discussion tool for all pupils.

At Leechpool, we firmly believe that

Positive experiences create positive feelings
Positive feelings create positive behaviour

We will talk about the **pro-social behaviours** that we actively encourage and plan activities to develop these.

We will use the term **anti-social behaviours** to describe behaviours that we do not wish to see and work with the pupils to identify why they might be displaying some of these behaviours and what support can be put into place to make them more pro-social.

We believe that emotional feedback is the most effective reward - praise, smiles, thumbs up, thank you etc. Tangible rewards (stickers, smiley faces, etc) are not effective in the long term and should only be a short-term prop. We believe that everyone starts each day on a positive. We also believe that everyone can expect to give and receive praise.

We will use a number of reward systems to develop and sustain this. These are:

Verbal and/or written praise

Showing work and sharing successes and achievements with other teachers and pupils

Notes home

Displaying good work

Stickers - we will limit the amount of stickers we use as we want children to be verbally praised for what they achieve. Any stickers given need to be purposeful and explicitly given.

Extra playtime

We will also continue to use the following to acknowledge the achievements of pupils:

- **Dragon tokens**—every pupil and member of staff belong to a Dragon Team. Pupils can receive dragon tokens from any member of staff for work or behaviour.
- **Headteacher Awards**—any member of staff can send a pupil to Mrs Davenport with a gold token— this is for exceptional pieces of work or exceptional behaviour. The children will then get a golden sticker from Mrs Davenport and their name written in the Golden Book which is read out in whole school assemblies on Mondays and Fridays.
- **Class Rewards**—in every class, pupils can work as a team and earn a token in the shape of their class animal. When the class have earned 20 class tokens, they can have a class reward, decided by themselves.
- **Class Headteacher Awards**—any member of staff can nominate a whole class for a particular reason such as good behaviour on a school trip, working well as a team, trying hard with a class assembly, etc.
- **Golden Time**—every class finishes the week with 15 minutes of Golden Time on Friday afternoons. This is time to develop those prosocial behaviours, feelings and teamwork.
- **Lunchtimes**— at lunchtimes, pupils are praised and given yellow slips for good behaviour and polite manners. Stickers are given for pupils that try new foods or have a clean plate.

b) Our Year Group Continent

Each year group's classes are named after animals from different continents according to size. The foundation stage class is named after the smallest continent, Australasia e.g. Kangaroos and Koalas.

| Year group | Continent | Class names |
|------------------|---------------|---------------------|
| Foundation stage | Australasia | Kangaroo /Koala |
| Year 1 | Europe | Hedgehog / Squirrel |
| Year 2 | Antarctica | Penguin /Seal |
| Year 3 | South America | Jaguar / Llama |
| Year 4 | North America | Bear / Eagle |
| Year 5 | Africa | Lions / Giraffe |
| Year 6 | Asia | Panda / Tiger |

c) Pride in our uniform

Wearing the correct uniform to school is important. Please support us in ensuring your child comes to school wearing their uniform in a smart way. We also ask that they have the correct PE kit in school for their PE and Sport lessons. These must be taken home to wash on a Friday and returned on a Monday morning. Please check the website if you are unsure what our uniform policy includes. Please ensure that all uniform is named so that, should it get lost, it can be returned to the correct person.

3. Successful Learners

| Successful Learners |
|--|
| Who..... |
| Have the essential learning skills of English, maths & computing |
| Have enquiring minds and are creative, resourceful and able to identify and solve problems |
| Communicate and collaborate well |
| Enjoy learning and are motivated to achieve the best they can now and in the future |

R.A.P time

'Reflect and progress' time will be given once a week in both Literacy and Maths. Feedback will be provided by the teacher following a piece of completed work by the child and R.A.P time allows the children to 'reflect' on the feedback and then respond to the task given. When looking in the books, it will be evident which tasks were R.A.P as the child will respond using a blue pen.

R.A.P tasks can vary depending on the child's understanding and the learning objective. They may include making corrections, editing spelling errors, re-reading and improving work or a 'challenge' task to 'progress' the child into the next steps of learning.

Learning Slips

Children are given learning slips in Literacy, Maths and in some Topic work. These show what the children are learning and the steps they need to do to achieve this (success criteria). At the end of the lesson, the children are expected to self-assess (using traffic light colours) against the success criteria. The teacher then monitors their self-assessment and adjusts where necessary.

At the bottom of the learning slip, the children will indicate whether they have learnt independently, in pairs, in a group or with adult support. Additionally, in Literacy, they will indicate what part of the writing sequence they are completing.

a) English

i. Reading

Reading is probably the most important skill children learn during their time in primary school. We would ask that you find time to regularly read with your child, at least 4 times a week, but every day is best. These special times can involve a number of different activities:

- They can read aloud to you
- You read to them (this is really important as you model good reading and can expose them to some books they might find more difficult to read on their own)

- Talk about what you have read, make predictions about what you might think is going to happen next and discuss the characters thoughts and feelings within the story

For more information on reading, please take a look at the resources on our website.

Year 4 Reading Key Objectives

| | |
|-----------|--|
| 1 | Read exception words, noting the unusual correspondences between spelling and sound, and where these occur in the word |
| 2 | Read books that are structured in different ways and reading for a range of purposes |
| 3 | Read for a range of purposes |
| 4 | Increase your familiarity with a wide range of books, including fairy stories, myths and legends, and retelling some of these orally |
| 5 | Prepare poems and play scripts to read aloud and to perform, showing understanding through intonation, tone, volume and action |
| 6 | Identify the main ideas drawn from more than one paragraph and summarising these |
| 7 | Draw inferences and justify your choice with evidence |
| 8 | Discussing words and phrases that capture the reader's interest and imagination |
| 9 | Retrieve and record information from non-fiction |
| 10 | Participate in discussion about both books that are read to them and those they can read for themselves, taking turns and listening to what others say |
| 11 | Use dictionaries to check the meanings of words they have read |
| 12 | Predict what might happen next from the details stated and implied |

ii. Writing

Purple polishing pens

Purple polishing pens are used by the children to edit their written work. They are expected to use these independently after completing a writing task to correct spellings and punctuation and improve vocabulary and sentence structure. This can also be used in peer marking where another child may suggest improvements and record their initials on their partner work to show this.

Year 4 Writing Key Objectives

| | |
|-----------|---|
| 1 | Spell words that are often misspelt from the Year 3-4 list |
| 2 | Use the possessive apostrophe accurately with plurals |
| 3 | Use a dictionary to check a spelling |
| 4 | Use appropriate handwriting joins, including choosing unjoined letters |
| 5 | Adopt the features of existing texts to shape own writing |
| 6 | Build sentences with varied vocabulary and structures |
| 7 | Organise paragraphs around a theme |
| 8 | Develop detail of characters, settings and plot in narratives |
| 9 | Use simple organisational devices in non-fiction |
| 10 | Suggest improvements to grammar and vocabulary |
| 11 | Proofread own work for spelling and punctuation errors |
| 12 | Read aloud using appropriate intonation, tone and volume |
| 13 | Use a range of conjunctions to extend sentences with more than one clause |
| 14 | Choose nouns and pronouns for clarity and cohesion |
| 15 | Use conjunctions, adverbs and prepositions to express time, cause and place |
| 16 | Use fronted adverbials |
| 17 | Understand the difference between plural and possessive '-s' |
| 18 | Recognise and use standard English verb inflections |
| 19 | Use extended noun phrases, including with prepositions |
| 20 | Use and punctuate direct speech correctly |

iii. Spelling, Grammar and Punctuation

Spelling in Year 3 & 4

| Statutory requirements | Example words |
|---|--|
| Adding suffixes beginning with vowel letters to words of more than one syllable | forgetting, forgotten, beginning, beginner, prefer, preferred gardening, gardener, limiting, limited, limitation |
| The /ɪ/ sound spelt y elsewhere than at the end of words | myth, gym, Egypt, pyramid, mystery |
| The /ʌ/ sound spelt ou | young, touch, double, trouble, country |
| More prefixes | dis- : disappoint, disagree, disobey mis- : misbehave, mislead, misspell (mis + spell) in- : inactive, incorrect illegal, illegible immature, immortal, impossible, impatient, imperfect irregular, irrelevant, irresponsible re- : redo, refresh, return, reappear, redecorate sub- : subdivide, subheading, submarine, submerge inter- : interact, intercity, international, interrelated (inter + related) super- : supermarket, superman, superstar anti- : antiseptic, |

| | |
|--|--|
| The suffix -ation | information, adoration, sensation, preparation, admiration |
| The suffix -ly | sadly, completely, usually (usual + ly), finally (final + ly), comically (comical + ly) happily, angrily, gently, simply, humbly, nobly, basically, frantically dramatically |
| Words with endings sounding like - ure (/ʒə/ or /tʃə/) | measure, treasure, pleasure, enclosure creature, furniture, picture, nature, adventure |
| Endings which sound like 'zhun' | division, invasion, confusion, decision, collision, television |
| The suffix -ous | poisonous, dangerous, mountainous, famous, various |
| Endings which sound like 'shun' (/ʃən/), spelt -tion, -sion, -ssion, -cian | invention, injection, action, hesitation, completion expression, discussion, confession, permission, admission expansion, extension, comprehension, tension |
| Words with the k sound spelt ch (Greek in origin) | scheme, chorus, chemist, echo, character |
| Words with the sh (/ʃ/) sound spelt ch (mostly French in origin) | chef, chalet, machine, brochure |
| Words ending with the /g/ sound spelt -gue and the /k/ sound spelt -que (French in origin) | league, tongue, antique, unique |
| Words with the 's' sound spelt sc (Latin in origin) | science, scene, discipline, fascinate, crescent |
| Words with the I sound spelt ei, eigh, or ey | vein, weigh, eight, neighbour, they, obey |
| Possessive apostrophe with plural words | girls', boys', babies', children's, men's, mice's (Note: singular proper nouns ending in an s use the 's suffix e.g. Cyprus's population) |
| Homophones and near homophones | accept/except, affect/effect, ball/bawl, berry/bury, brake/break, fair/fare, grate/great, groan/grown, here/hear, heel/heal/he'll, knot/not, mail/male, main/mane, meat/meet, medal/meddle, missed/mist, peace/piece, plain/plane, rain/rein/reign, scene/seen, weather/whether, whose/who's |

Word list – years 3 and 4

| | | | | |
|----------------|--------------|-----------|----------------|-----------------|
| accident(ally) | decide | grammar | natural | quarter |
| actual(ly) | describe | group | naughty | question |
| address | different | guard | notice | recent |
| answer | difficult | guide | occasion(ally) | regular reign |
| appear | disappear | heard | often | remember |
| arrive | early | heart | opposite | sentence |
| believe | earth | height | ordinary | separate |
| bicycle | eight/eighth | history | particular | special |
| breath | enough | imagine | peculiar | straight |
| breathe | exercise | increase | perhaps | strange |
| build | experience | important | popular | strength |
| busy/business | experiment | interest | position | suppose |
| calendar | extreme | island | possess(ion) | surprise |
| caught | famous | knowledge | possible | therefore |
| centre | favourite | learn | potatoes | though/although |
| century | February | length | pressure | thought |
| certain | forward(s) | library | probably | through |
| circle | fruit | material | promise | various |
| complete | | medicine | purpose | weight |
| consider | | mention | | woman/women |
| continue | | minute | | |

Grammar & Punctuation in Year 4

| | |
|-------------------------------|--|
| Word | The grammatical difference between plural and possessive –s Standard English forms for verb inflections instead of local spoken forms [for example, <i>we were</i> instead of <i>we was</i> , or <i>I did</i> instead of <i>I done</i>] |
| Sentence | Noun phrases expanded by the addition of modifying adjectives, nouns and preposition phrases (e.g. <i>the teacher</i> expanded to: <i>the strict maths teacher with curly hair</i>) Fronted adverbials [for example, <i>Later that day</i> , <i>I heard the bad news.</i>] |
| Text | Use of paragraphs to organise ideas around a theme Appropriate choice of pronoun or noun within and across sentences to aid cohesion and avoid repetition |
| Punctuation | Use of inverted commas and other punctuation to indicate direct speech [for example, a comma after the reporting clause; end punctuation within inverted commas: The conductor shouted, "Sit down!"] Apostrophes to mark plural possession [for example, the girl's name, the girls' names] Use of commas after fronted adverbials |
| Terminology for pupils | determiner pronoun, possessive pronoun adverbial |

iv. Handwriting

During Year 4, pupils will be taught to:

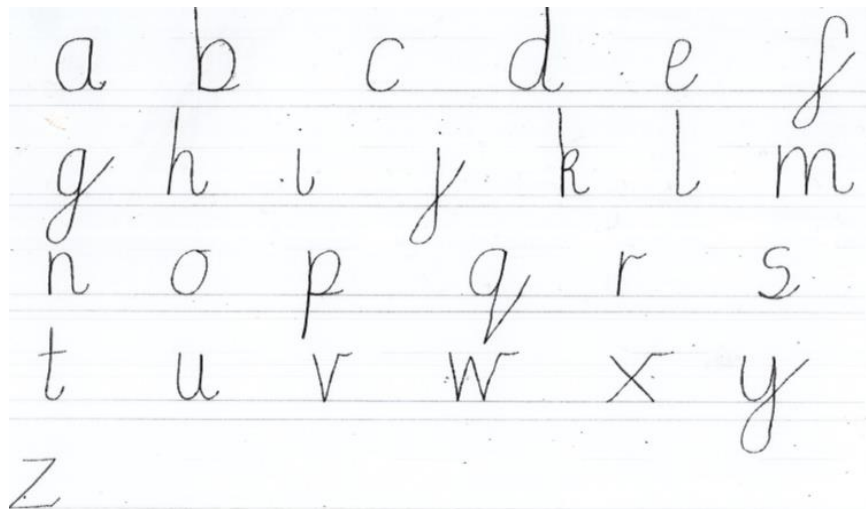

- use the diagonal and horizontal strokes that are needed to join letters and understand which letters, when adjacent to one another, are best left unjoined
- increase the legibility, consistency and quality of their handwriting [for example, by ensuring that the down strokes of letters are parallel and equidistant; that lines of writing are spaced sufficiently so that the ascenders and descenders do not touch.

a b c d e f g h i j k l m n

o p q r s t u v w x y z

A B C D E F G H I J K L M

N O P Q R S T U V W X Y Z

b) Mathematics

Year 4 Maths Key Objectives

| | |
|-----------|--|
| 1 | Count backwards through zero, including negative numbers |
| 2 | Recognise place value in four digit numbers |
| 3 | Round any number to the nearest 10, 100 or 1000 |
| 4 | Know tables up to 12×12 |
| 5 | Use place value and number facts to carry out mental calculations |
| 6 | Use factor pairs and commutativity in mental calculations |
| 7 | Use short multiplication method |
| 8 | Recognise and use hundredths |
| 9 | Recognise and write decimal equivalents to $\frac{1}{4}$, $\frac{1}{2}$ and $\frac{3}{4}$ |
| 10 | Divide one- or two digit numbers by 10 and 100, using tenths and hundredths |
| 11 | Round decimals with one decimal place to the nearest whole number |
| 12 | Compare numbers up to two decimal places |
| 13 | Convert between different units of metric measurement, including money |
| 14 | Find the area of rectilinear shapes by counting squares |
| 15 | Solve problems converting units of time |
| 16 | Compare and classify shapes, including quadrilaterals and triangles |
| 17 | Complete a simple symmetric figure with respect to a specific line of symmetry. |
| 18 | Describe positions on a 2-D grid using co-ordinates |
| 19 | Describe translations using a given unit to the left/right and up/down |
| 20 | Interpret and present discrete and continuous data on appropriate graphs |

Leechpool Primary School Calculation Policy Equipment

Children have access to a variety of mathematical apparatus designed to aid their calculation with numbers. These may include some of the following:

Numicon

Base 10

Cuisenaire Rods and number tracks

Counters and counting equipment

Bead strings

| | Hundreds | Tens | Ones |
|----------|----------|------|------|
| Player 1 | | | |
| Player 2 | | | |

Calculation mats

Coins

Written Calculation Methods

As children progress in their ability to solve mathematical calculations we teach the children specific ways to record their working out. It is important that children progress through each stage of the progression chart as this ensures they fully grasp the mathematical concepts that underpin the calculations they are doing.

Key Vocabulary

| | |
|--|---|
| Addition More Add Plus Sum Increase Total Altogether Inverse  | Subtraction Take away Minus Subtract Less Difference Decrease Inverse  |
| Multiplication Lots of Groups of Times Repeated Addition Multiply Product Inverse  | Division Divide Group equally Share equally Factor Inverse Remainder Quotient Divisor  |

Written Calculation Methods – Addition

Prior to using the formal written methods of addition and subtraction pupils will use a variety of equipment to explore smaller number bonds. Quick and accurate recall of these facts, and establishing the connections between them, helps greatly with larger addition and subtraction calculations.

$$\begin{aligned} 6 + 3 &= 9 \\ 3 + 6 &= 9 \\ 9 - 3 &= 6 \\ 9 - 6 &= 3 \end{aligned}$$

To aid with addition and subtraction pupils will use equipment including base 10. Base 10 can be used to visual the partitioning of larger numbers.

Pupils understand how tens, hundreds and thousands can be regrouped using base 10 as a visual aid.

1 ten = 10 ones

1 hundred = 10 tens

1 thousand = 10 hundreds

Add 2 and 3 digit numbers together, using base-10 apparatus to solve addition problems that do not involve regrouping.

$$\begin{array}{r} \text{T O} \\ 43 \\ + 24 \\ \hline 67 \end{array}$$

Add 2 and 3 digit numbers together, using base-10 apparatus to solve addition problems that involve regrouping.

$$36 + 45$$

The ones are added and we have 11. This needs to be regrouped into 1 ten and 1 one. Adding the tens gives 8 tens in total.

Develop understanding of the column method of addition involving regrouping ones and tens.

T O

$$\begin{array}{r} 77 \\ + 45 \\ \hline 122 \end{array}$$

7 + 5 = 12
The 12 is regrouped in 1 ten and 2 ones. The 1 ten is shown underneath and then included in the addition of the tens.

The 7 tens, 4 tens and 1 ten are added to equal 12 tens. These are regrouped as 1 hundred and 2 tens.

$$\begin{array}{r} \text{T O} \\ 77 \\ + 45 \\ \hline 122 \\ 1 \quad 1 \end{array}$$

Develop further understanding of addition in the context of money.

$$£1.46 + £2.45$$

$$\begin{array}{r} 1.46 \\ + 2.45 \\ \hline 3.91 \end{array}$$

Pupils extend their written method to work with increasingly larger numbers and decimal numbers as appropriate.

Written Calculation Methods – Subtraction

Prior to using a written method pupils may use objects or counters to explore the notation of subtraction. Number lines may be used to count backwards. Connections should be made to addition and smaller number bonds that pupils can recall.

Subtract from 2 and 3 digits numbers without regrouping. Check subtraction calculations using the inverse operation of addition. Bar model diagrams may be used to establish the connection to addition.

| | |
|---|---|
| | 8 |
| 3 | ? |

$$8 - 3 = ?$$

$$3 + 5 = 8$$

Subtract from 3 digit numbers, regrouping tens into 10 ones using a column method. Check subtraction calculations using the inverse operation of addition.

| H | T | O |
|-----|---|----|
| 2 | 6 | 13 |
| - 1 | 2 | 5 |
| 1 | 4 | 8 |

We cannot subtract 5 from 3 we regroup one of the tens into 10 ones. We know have 13 ones and so can subtract 5 ones. We are left with 6 tens and can subtract 2 tens. Finally we look at the hundreds.

Subtract a 3 digit number from a 3 digit number, regrouping the tens into ones and the hundreds into tens. Pupils may use base 10 to support with this or, if knowledge of place value is secure, counters may also help.

| H | T | O |
|-----|---|----|
| 4 | 5 | 12 |
| - 2 | 5 | 4 |
| 2 | 7 | 8 |

Regrouping is necessary across two place values columns. 1 ten is regrouped as 10 ones. Then 1 hundred is regrouped as 10 tens giving enough hundreds, tens and ones to subtract from.

Develop further understanding of subtraction in the context of money.

Question:

John had £2.53 in change in his pocket. He bought a notebook for £1.39 when he was in town. How much money does he have left?

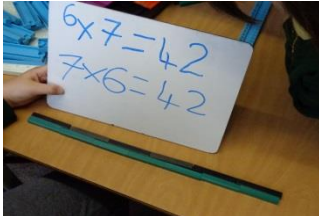

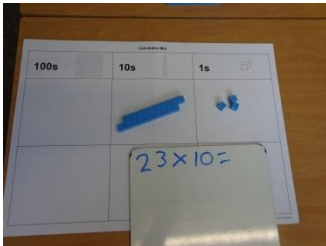

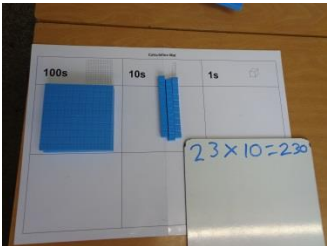

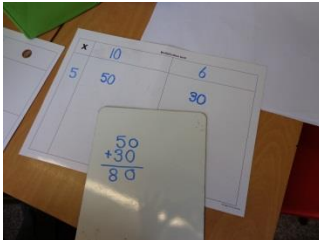

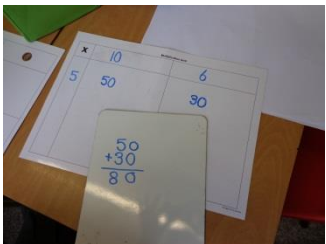

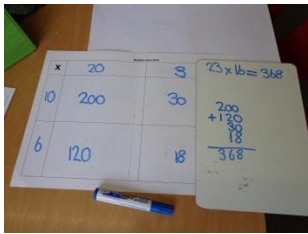

Use the inverse operation to solve missing number problems.

Write in what the missing numbers could be.

$$170 + \boxed{} = 220 - \boxed{}$$

Pupils will extend their use of the written method to include larger numbers and decimals as appropriate. They will solve a range of addition and subtraction calculations and understand the mathematical vocabulary for addition and subtraction.

Written Calculation Methods – Multiplication

| | |
|---|--|
| <p>Prior to using a formal written method pupils will use counters and objects to help solve multiplication problems. They will begin to relate counting in 2's, 5's, 10's etc. to their times tables. An array can represent a multiplication.</p> | <div><div><div><div></div><div></div><div></div><div></div><div></div></div><div><div></div><div></div><div></div><div></div><div></div></div><div><div></div><div></div><div></div><div></div><div></div></div></div><div><div></div><div></div><div></div><div></div><div></div></div><div><div></div><div></div><div></div><div></div><div></div></div><div><div></div><div></div><div></div><div></div><div></div></div></div> <div>3 x 5</div> <div>5 x 3</div> |
| <p>Develop an understanding of multiplication as repeated addition and appreciate that multiplication can be completed in any order.</p> | <div><div><div><div>24</div><div>6</div><div>6</div><div>6</div><div>6</div></div><div>or</div><div><div>24</div><div>4</div><div>4</div><div>4</div><div>4</div><div>4</div></div></div><div>$6 \times 4 = 6+6+6+6$ $4 \times 6 = 4+4+4+4$ $6 \times 4 = 4 \times 6$</div></div> <div><div>$6 \times 7 = 7 \times 6$</div></div> |
| <p>Develop an understanding of how to multiply 1 and 2 digits numbers by ten. Pupils can use equipment and place value knowledge to help with this.</p> | <div><div></div><div></div></div> |
| <p>Multiply a teen number by a 1-digit number, using apparatus and the grid method.</p> | <div><div><div><div></div><div></div><div></div><div></div><div></div></div><div></div><div></div></div><div>10</div><div>6</div><div>5 lots of 16 = 5 lots of 10 + 5 lots of 6</div></div> <div><div>16×5</div></div> |
| <p>Multiply 2-digit numbers by a 1-digit number, using the grid method alongside The column method and establish the link between the two methods.</p> | <div><div></div><div><div><div>16</div><div>x 5</div><div>30</div><div>80</div></div><div>$30 - (5 \times 6)$ $80 - (5 \times 10)$</div></div></div> |
| <p>Multiply a 2-digit number by another 2-digit number, using the grid method alongside the column method and establish the link between the two methods.</p> | <div><div></div><div><div><div>23</div><div>x 16</div><div>18</div><div>120</div><div>30</div><div>200</div><div>368</div></div><div>$18 - (6 \times 3)$ $120 - (6 \times 20)$ $30 - (10 \times 3)$ $200 - (10 \times 20)$</div></div></div> |
| <p>Multiply 2-digit numbers by 1 and 2-digit numbers, using the column method. Written Calculation Methods – Division

Before using a formal written method for division pupils understand division as sharing equally. They may use objects, counters or diagrams to help them 'group' a number.

Make connections between multiplication and division. Divide a 2-digit number by a single-digit number using number rods and number lines (without remainders)

$$\begin{aligned} 6 \times 7 &= 42 \\ 7 \times 6 &= 42 \\ 42 \div 6 &= 7 \\ 42 \div 7 &= 6 \end{aligned}$$

Divide a 2-digit number by a single-digit number, using number rods and number lines (including remainders).

Introduce the column method for solving division of a 2-digit number by a single-digit number. Pupils may use base 10 or counters to help with regrouping if necessary.

Pupils work in the place value columns to divide by 4

1 ten is regrouped into 10 ones. The tens and ones are divided by 7

Develop the use of the column method for dividing a 3-digit number by a single-digit number (including regrouping). Base 10 or counters may be used to help with the understanding of regrouping.

There is one group of 800 in 968. We regroup the remaining hundred into 10 tens. The 16 tens can be grouped into two groups of 8 tens. The final 8 ones make one group of 8.

Develop the use of the column method for dividing a 3-digit number by a single-digit number (including regrouping and remainders)

Pupils extend their division to include 4 digits numbers divided by a 1 digit number and eventually 4 digits numbers divided by 2 digit numbers. It should be noted that knowledge and recall of times tables and related division facts is vital for long multiplication and division. It is expected that pupils should have this knowledge by the end of year 4.

iii. Key Essentials

To aid children with their mathematical learning, there are certain 'key essentials' that your child should know as they progress through school. The table below details these:

| | |
|--------|---|
| Year 1 | I can use objects to work out one more and one less. |
| | I can read and write numbers from 0 to 10. |
| | I can show an understanding of + - and =. |
| | I can recall number bonds within 5. |
| | I can understand that the total number will change when objects are added or taken away. |
| | I can count to 20. |
| | I can name some common 2-D shapes. |
| Year 2 | I can work out one more and one less of a given number. |
| | I can count, read and write numbers from 0 to 100. |
| | I can read and write number statements using +. - and =. |
| | I can recall number bonds within 10. |
| | I can add 1 digit and 2 digit numbers to 20 using objects and pictures. |
| | I can subtract 1 digit and 2 digit numbers to 20 using objects and pictures. |
| | I can find and name $\frac{1}{2}$ (half) of an object, shape or amount. |
| Year 3 | I can recognise and name some common 2D and 3D shapes. |
| | I can read and write numbers to 100 in numerals. |
| | I can count in steps of 2, 5, 10s. |
| | I can find the place value of each digit of a number with tens and ones. |
| | I can answer simple addition and subtraction questions in my head as well as by writing them down. |
| | I can remember and use multiplication and division facts for the 2, 5, 10 times tables. |
| | I can find, name and write fractions of a length, shape, set of objects or amount. |
| Year 4 | I can notice and explain the properties of 2D and 3D shapes. |
| | I can read measurement scales in 1s, 2s, 5s and 10s. |
| | I can use number bonds for all numbers up to 20. |
| | I can use the 3 times table fluently, including multiplication and division facts. |
| | I can use the 4 times table fluently, including multiplication and division facts. |
| | I can use the 8 times table fluently, including multiplication and division facts. |
| | I can recall facts about durations of time (e.g. days in the week, minutes in an hour, hours in three days, months of the year). |
| Year 5 | I can tell the time to the nearest minute. |
| | I can recognise a right angle and name its value. |
| | I can use number bonds to 100. |
| | I can use the 12 x 12 fluently, including multiplication and division facts. |
| | I can recognise decimal equivalents of fractions for $\frac{1}{2}$, $\frac{1}{4}$, $\frac{3}{4}$ and any number of tenths and hundredths. |
| | I can multiply and divide single digit numbers by 10 and 100. |
| | I can round any number to the nearest 10 or 100. |
| Year 6 | I can add and subtract numbers up to 4 digits using the formal column method. |
| | I can name all 2D shapes up to 10-sided, including all 6 quadrilaterals. |
| | I can recall fact relating to the conversion of measurements (e.g. cms in a m, mls in a l). |
| | I can use times tables up to 12 x 12 fluently. |
| | I can understand the value and order of each place value columns from 3dp to 10,000,000. |

| | |
|--|--|
| | I can mentally calculate addition and subtraction calculations where regrouping is not required. |
| | I can multiply and divide whole number by 10, 100 and 1000. |
| | I can use written column addition and subtraction, regrouping where necessary. |
| | I can read the time on both a 12 and 24 hour clock to 1 minute intervals. |
| | I can name all 2D shapes up to 10-sided, including all 6 quadrilaterals. |
| | I can recall decimal number bonds to 1 and 10. |
| | I can recall facts relating to the conversion of measurements (e.g. cms in a m, mls in a l). |

Within our teaching, the key essentials for each year group contain learning the children have already experienced as they have moved through the school. Whilst we will revisit these topics and show the children how these can be used to answer questions across all areas of the maths curriculum, a strong knowledge of the 'key essentials' will help them maximise their learning in their new year group.

In order to assist further practice of this, we will be using a scheme across all year groups: Dragon, Rainbow and Solar maths. More details of this can be found on our website and will be available on the 'Meet the teacher' evening in September.

It is key that you support your child in learning these 'key essentials' using games, websites and oral practice at home. If you need any advice, please do not hesitate to ask your class teacher.

iv. Vocabulary

New Maths Vocabulary for Year 4

| Number & Place Value | |
|----------------------|------------------------|
| more | most |
| less | least/lowest |
| digit | positive |
| order | negative |
| compare | zero |
| more than | less than |
| round | value |
| estimate | approximately |
| partition | integer |
| sort | tenths |
| group | hundredths |
| consecutive | decimal |
| Four Operations | |
| + add | - minus |
| + more | - fewer |
| + plus | - decrease |
| + increase | - difference |
| + sum | - subtract |
| + total | - take away |
| + altogether | = equals (the same as) |
| x times | ÷ divide |
| x lots of | ÷ divided by |
| x groups of | ÷ share equally |
| x multiply | remainder |
| x repeated addition | divisor |
| x product | factor |
| multiple | |
| Fractions | |
| whole | half |
| equal parts | quarter |
| third | bar model |
| left over | equivalent |
| numerator | denominator |
| simplify | equivalent |
| Measurement | |
| convert | metric |
| unit | scales |
| pounds | kilometres |
| metres | centimetres |
| millimetres | kilograms |
| grams | milligrams |
| area | change |
| perimeter | pence |
| length | degrees Celsius |
| width | digital |
| depth | analogue |
| hour | furthest |
| minutes | closest |

| Properties of Shapes | |
|---------------------------|-------------|
| equilateral | acute |
| isosceles | reflex |
| scalene | obtuse |
| polygon | opposite |
| vertices/vertex | right angle |
| cube/cuboid | symmetrical |
| circumference | mirror line |
| construct | regular |
| draw | irregular |
| quadrilateral | face |
| symmetry | side |
| Statistics | |
| graph | range |
| pictogram | mode |
| equation | rule |
| Position & Operation | |
| forwards/backwards/across | translate |
| position | co-ordinate |
| centre | clockwise |
| axis | plot |

4. Our Curriculum

Our topics this year are: TO CHANGE

Leechpool Curriculum Overview Year 4

| Subject | Autumn | Spring | Summer |
|----------------------------|---|--|--|
| Art | Textiles (weaving), Painting (Salvador Dali) | Drawing (Italian Renaissance), Mosaics | Drawing/painting (Vikings), Printing (Viking patterns) |
| Computing | Virtual presentations, creating webpages | E-safety, Coding for interactive images | Data handling and recording, Independent project |
| Design Technology | Structures & Food and Nutrition (following a recipe) | Mechanisms (pulleys) | Textiles |
| Geography | Europe | Settlements, Water Cycle | Rivers |
| History | Celts | Romans | Vikings |
| MFL – French | Greetings, Bonfire Night, days of the week, opinions, Christmas | International Fortnight, New Year, Numbers 21-30, sports, body parts, colours, adjectives, Easter | Animals, reading a range of stories in French. |
| MFL – Spanish | Greetings, numbers 1-20, food, stationery, adjectives, Christmas | International Fortnight, numbers 21-30, days of the week, months of the year, body parts, colours, Easter. | Weather, travel, sports, playground games |
| Music | African Drumming | | |
| | Features of music, experiment with creating/combining sounds | History of Music, create a Roman song | Trumpet |
| PSHE | Relationship and Sex education: growing up and changing | Drug, alcohol and tobacco education: drugs common to everyday life Citizenship: local2global project | Keeping safe: online /offline Fun, food and fitness: making healthy choices |
| Physical Education | Tag Rugby Netball Outdoor Adventurous Activities Sports Hall Athletics | Dance Hockey Football/Dragonball Gymnastics | Rounders Tennis Athletics Cricket |
| Religious Education | Sikh Rites of Passage Christmas Journeys | Why is Easter important? Identifying and Belonging | Buddhist Festivals Hindu Worship |
| Science | Habitats, Electricity | Electricity, States of Matter | Sound & Vibration, You are what you eat (living things, teeth & digestion) |

See our subject pages on our website for English and maths for more information about these subjects.

Websites we use at school

At school we use a number of websites to support the children's learning. Year 4 children will be given the log in details for all these websites and they will spend some time in school getting used to accessing them. All are accessible from home devices. Here are the main ones:

- MyMaths, a fully interactive online maths learning solution
<http://www.mymaths.co.uk/>
- BBC KS2 Bitesize, a revision tool for primary subjects
<http://www.bbc.co.uk/education/levels/zbr9wmn>
- Spelling Shed <https://www.spellingshed.com/en-gb/>
- Google Classroom, our online platform for home learning
<https://edu.google.com/intl/en-GB/products/classroom/>
- TT Rockstars, an interactive multiplication game <https://trockstars.com/>

5. Our Timetable

As a school we keep the timetable quite flexible to enable us to better meet the needs of the children. However, there are a few lessons which are fixed each week. Please ensure your child has the correct equipment in each day. This includes:

- Reading Record - this should be in school every day along with the book your child is reading. They will have time every day from 8:35-8:50 to change their reading book once it is finished.
- The school will provide the necessary equipment for your child's learning needs so please **do not bring in a pencil case.**

The children will need their **PE kits** in school all week, as PE days vary throughout the year. Below is an example of a typical week.

(From January, year 4 will be participating in either swimming lessons or health and fitness sessions. Letters will be sent with more information.)

Week A

| | 8.35 - 8.55 | 9:30 – 10:30 | 10.25 - 10.40 | 10:45 – 12:30 | 12.30 - 13.15 | 13.15 - 13.30 | 13:30 – 14:50 | 14.5 0 – 15.0 0 |
|-----------|-----------------------------------|---|--------------------------------|---------------------------------|---|---------------------------|--|--|
| Monday | Assembly | 9:30 – 10:30 Literacy | Break | 10:45 – 11:35 Maths | 11:35 – 12:30 Science | Lunch | ERIC 1:30 – 2:10 Bears – PE Eagles – Guided Reading 2:10 – 2:50 Bears – Guided Reading Eagles – PE | |
| Tuesday | 8:55 – 9:40 Enrichment Pick-up | 9:40 – 10:30 Literacy | Break | 10:45 – 11:30 Guided Reading | 11:30 – 12:30 Maths | Lunch | 1:15 – 1:30 Handwriting 1:30 – 2:45 History | |
| Wednesday | 8:55 – 9:45 Literacy | 9:45 – 10:15 Guided Reading | Singing Assembly Break | 10:45 – 11:35 Maths | ENRICHMENT 1 Bear – PE Eagle – RE | Lunch | ENRICHMENT 2 Bears – RE Eagle – French ENRICHMENT 3 Bears – French Eagle – Art | |
| Thursday | Assembly | 9:15 – 9:45 PSHE | 9:45 – 10:30 Guided Reading | Break | 10:45 – 11:35 Maths | 11:35 – 12:30 Literacy | Lunch | 13:15-13:30 Bear ERIC 13:30 – 14:15 Bear Spanish 14:15-14:45 Bear Times table check practise |
| Friday | Assembly | 9:30 – 10:30 Bears – African Drumming Eagle – Computing | Break | 10:45 – 11:35 Maths | 11:35 – 12:30 Literacy | Lunch | 1:15 – 1:30 Handwriting 1:30 – 2:15 DT 2:15 – 2:30 Golden time 2:30 – 2:45 ERIC | |

Week B

| | 8.35 - 8.55 | 9:30 – 10:30 | 10.25 - 10.40 | 10:45 – 12:30 | 12.30 - 13.15 | 13.15 - 13.30 | 13:30 – 14:50 | 14.5 0 – 15.0 0 |
|-----------|-----------------------------------|--|--------------------------------|---------------------------------|---|---------------------------|--|---|
| Monday | Assembly | 9:30 – 10:30 Literacy | Break | 10:45 – 11:35 Maths | 11:35 – 12:30 Science | Lunch | ERIC 1:30 – 2:10 Bears – PE Eagles – Guided Reading 2:10 – 2:50 Bears – Guided Reading Eagles – PE | |
| Tuesday | 8:55 – 9:40 Enrichment Pick-up | 9:20 – 10:30 Literacy | Break | 10:45 – 11:30 Guided Reading | 11:30 – 12:30 Maths | Lunch | ERIC Handwriting 1:30 – 2:45 Geography | |
| Wednesday | 8:55 – 9:45 Literacy | 9:45 – 10:15 Guided Reading | Singing Assembly Break | 10:45 – 11:35 Maths | ENRICHMENT 1 Bear – PE Eagle – DT | Lunch | ENRICHMENT 2 Bears – DT Eagle – French ENRICHMENT 3 Bears – French Eagle – Art | |
| Thursday | Assembly | 9:15 – 9:45 PSHE | 9:45 – 10:30 Guided Reading | Break | 10:45 – 11:35 Maths | 11:35 – 12:30 Literacy | Lunch | 13:15-13:30 Eagle ERIC 13:30 – 14:15 Eagle Spanish 14:15-14:45 Eagle Times table check practise |
| Friday | Assembly | 9:30 – 10:30 Eagle – African Drumming Bear – Computing | Break | 10:45 – 11:35 Maths | 11:35 – 12:00 PSHE | Lunch | 1:15 – 1:30 Handwriting 1:30 – 2:15 DT 2:15 – 2:30 Golden time 2:30 – 2:45 ERIC | |

6. Being Healthy at School

We are proud to be a Healthy School. At break times the children can bring into school a healthy snack. We ask that **no** sweets, chocolate or biscuits are eaten at this time.

We are a **nut free** school and ask that nothing containing nuts is brought in by the children for both their healthy snack and in their packed lunch.

We ask that all pupils bring in a water bottle - to be brought in daily and kept in specific boxes in the classroom for easy access during the day.

We have a healthy snack shop in school for morning break times where children can bring in up to £1.00 to buy a snack of their choice.

At lunchtime (Key Stage 2 lunch 12:30-13:15) the children can either bring a packed lunch to school or have a hot meal provided by Chartwells. These meals need to be pre-ordered via their website:

www.parentpay.com
