

## Leechpool Primary School Geography Long Term Plan

<b>Year Group</b>	<b>Autumn Term</b>	<b>Spring Term</b>	<b>Summer Term</b>
<b>EYFS</b>	Books to explore other places Explore the environment around them Positional language Seasons	Explore the local environment Compare where they live to other countries Homes around the world Books to explore other places Seasons	Books to explore other places Map making using familiar objects. Similarities and differences between their local area and other places they have visited. Seasons People and communities
1	<b>UK and Capital Cities</b>  <b>Weather and Climate in the UK</b>	<b>London's burning</b>  <b>Human and Physical features</b>  <b>Comparing a non-UK country to our country.</b>  <b>Weather and climate in the UK</b>	<b>Four Nations, Four Seasons</b>  <b>Human and Physical Features</b>  <b>UK and it's Capital Cities</b>
2	<b>Up, up and away</b> UK 7 continents incl. oceans Focus in on Antarctica, Where is cold?	<b>Up, up and away</b> 7 continents incl. oceans Focus in on Africa South America, North America Where is hot? Local area	<b>Up, up and away</b> Where is cold? 7 continents incl. oceans Focus in on Asia, Oceania Where is hot? Local area
3	<b>The Surface of the Earth and Beyond</b> Structure of the Earth Rocks and fossils Types of mountains Volcanoes Earthquakes		<b>Rainforests</b> What and where are rainforests Layers of the rainforests Life in the Amazon Rainforest How rainforests affect us/the rest of the world

<b>Year Group</b>	<b>Autumn Term</b>	<b>Spring Term</b>	<b>Summer Term</b>
4	<p><b>Europe</b></p> <p>Use maps, atlases and globes to locate continents, countries and geographical features.</p> <p>Identify physical characteristics and label on a map.</p> <p>Identify human characteristics and label on a map</p>	<p><b>Settlements</b></p> <p>Identify different settlements</p> <p>How natural resources are used</p> <p>Economic activity in the local area and Europe</p> <p>How the use of land has changed over time</p> <p>Compare different locations in Europe</p>	<p><b>Water Cycle</b></p> <p>What the water cycle is</p> <p>How humans effect the water cycle</p> <p>What effect the water cycle has in different climate zones.</p>
5	<p><b>Oceans, Coasts and Rivers</b></p> <p>Investigate and compare the oceans of the world.</p> <p>Study coasts and rivers, including a local to global (Americas) comparison.</p>	<p><b>The Americas</b></p> <p>Identify a range of countries on a map</p> <p>Locate and understand the significance of the equator, topic of Cancer and Capricorn, northern and southern hemisphere and what the tropics are</p> <p>Major rivers in USA and the environment around them</p> <p>Comparing climates of major cities</p> <p>Earthquakes</p> <p>Time zones including Greenwich meridian</p>	<p><b>The Local Area</b></p> <p>Identify familiar places on a map of the UK</p> <p>To know and plot local rivers</p> <p>Use ordnance survey maps using 4 and 6 figure grid references</p> <p>Know 8 points of a compass</p> <p>Fieldwork and data</p> <p>Physical and human features of the local area</p> <p>Create own map</p>
6	<p><b>The world</b></p> <p>Continents, countries and oceans of the world</p> <p>Northern and Southern hemispheres</p> <p>How the equator affects the planet</p> <p>Investigate patterns of rainforests, mountains, rivers and deserts.</p> <p>Antarctic and Arctic circles.</p>	<p><b>Africa</b></p> <p>Locate countries and cities in Africa</p> <p>River Nile and Sahara dessert</p> <p>Compare different African counties</p> <p>Compare foods from Africa to our own.</p>	<p><b>Locational geography</b></p> <p>Compare and contrast human and physical structures in 3 areas of the world (local, Europe, North America)</p> <p>Use Geographic Information Systems (GIS)</p> <p>Using Ordnance Survey maps (using 4 and 6 figure grid references</p> <p>Know 8 points of a compass) to plan a route</p> <p>Create own map of school.</p>
